8 WEEKS LEFT TO GROW YOUR TOMATO SEEDLINGS

START YOUR SEEDS NOW IN THE COLDWELL CHEMICAL CROPS UNIT

PRICE \$7.50 COMPLETE

May 25th is your deadline for setting out tomato seedlings for this year's Victory Garden. Plants set out any later may just begin to bear when an autumn frost strikes. If you start now, you still have time to grow your own seedlings in the Coldwell Unit. Nurture them chemically for the next 8 weeks and you'll have healthy, hardy seedlings when transplanting time arrives.

The Coldwell System is an adaptation of a method that commercial growers have used for years. It is thoroughly practical and most productive. Once you start growing seedlings this way you'll find it fascinating and profitable. The Unit is scientifically designed and comes to you complete.

WHAT DO YOU GET WHEN YOU BUY THE COLDWELL UNIT?

1. A strong, sturdy wooden seed bed—22 inches by 12 inches—with reservoir and catch basin.
2. Clean, sterile, graded sand, properly mixed with mica.
3. Four packages of chemicals to which water is added to make up the nutrient solution.
4. A chemical "thermometer" that determines the strength of the solution, with instructions for its use.
5. A complete and descriptive booklet prepared by one of our best known authorities on growing plants without soil.
