Want of Sleep

Is sending thousands annually to the insane asylum; and the doctors say this trouble is alarming on the increase. The usual remedies, while they may give temporary relief, are likely to do more harm than good. What is needed is an Alternative and Blood-purifier. Ayer's Sarsaparilla is incomparably the best. It corrects those disturbances in the circulation which cause sleeplessness, gives increased vitality, and restores the nervous system to a healthful condition.

Rev. T. G. A. Cott, agent of the Mass. Home Missionary Society, writes that his stomach was out of order, his sleep very often disturbed, and some impurity of the blood manifest; but that a perfect cure was obtained by the use of Ayer's Sarsaparilla.

Dr. Frank W. Pratt, 424 Washington Street, Boston, writes: "My daughter was prostrated with nervous debility. Ayer's Sarsaparilla restored her to health."

William F. Bowker, Erie, Pa., was afflicted with nervousness and sleeplessness, and Ayer's Sarsaparilla for about a month, during which time his weight increased over twenty pounds."

THANKSGIVING.

By the President of the United States: The goodness and the mercy of God, which have followed the American people during all the days of the past year, claim their grateful recognition and humble acknowledgment.

By his omnipotent power and from every national calamity; by his gracious favor the earth has yielded a generous return to the labor of the husbandman, and every path of honest toil has led to comfort and contentment. By his loving kindness the hearts of our people have been replenished with fraternal sentiment and patriotic endeavor, and by his unerring guidance we have been directed in the way of national prosperity.

To the end that we may, with one accord, testify our gratitude for all these blessings, I, Grover Cleveland, president of the United States, do hereby designate and set apart Thursday, the twenty-fourth day of November next, as a day of thanksgiving and prayer, to be observed by all the people of the land. On that day let all secular work and employment be suspended, and let our people assemble in their accustomed place of worship, and with prayer and songs of praise give thanks to our Heavenly Father for all that he has done for us, while we humbly implore the forgiveness of our sins, and a continuance of his mercy.

Let families and kindred be reunited on that day, and let their hearts, filled with thankfulness and affection, remember the blessings that have been bestowed upon them, and let them be thankful to the source of all that makes the day glad and joyous.

And in the midst of our worship, and our happiness, let us remember the poor, the needy and the unfortunate, and by our gifts of charity and ready benevolence, let us increase the number of those who, with grateful hearts, shall join in our thanksgiving.

In witness whereof I have set my hand and caused the seal of the United States to be hereunto affixed.

Done at the city of Washington, this twenty-fifth day of October, in the year of our Lord one thousand and eight hundred and eighty-seven, and of the independence of the United States, the hundredth and twelfth.

GROVER CLEVELAND.

By the President: THOMAS F. BAYARD, Secretary of State.

A Proclamation by Gov. Hill.

STATE OF NEW YORK, EXECUTIVE CHAMBER.

The mountains clothed with trees, the valleys filled with corn, the meadows rich with cattle, the streams making the fields green, everywhere speak the goodness of God, and he has blessed us beyond all other nations in wide reaching, fertile farms with their multitude of contented country homes, and in the busy streets of our many prosperous cities; these all bound together by majestic natural water courses and by great highways built by the genius and industry of our people. The giver of all good gifts has especially granted us happiness and welfare in the year that is ending. We have been kept in health, we have been preserved from strife within our borders, and in peace with foreign States, we have been given abundant harvests, and have seen great increase in our material wealth.

It has long been our custom to observe in grateful public and private remembrance of God and His mercies a day set apart for worship, and for reunion of friends and of kindred.

Therefore, by the power vested in me as Governor of the State of New York, I do appoint Thursday, the twenty-fourth day of November, as a day of thanksgiving. Let the people then rejoice, and that all may be partakers in rejoicing let the spirit of christian charity abound, and thus the hungry be fed, the naked clothed, the prisoner be visited, and the ignorant taught the foundations upon which our freedom rests.

Done at the Capitol, in the city of Albany, this first day of November, in the year of our Lord one thousand eight hundred and eighty-seven.

By the Governor: DAVID B. HILL, WILLIAM G. RICE, Private Secretary.

—We suggest to our esteemed contemporaries that they throw less journalistic mud and use more Tulip soap.

—George D. Scrambling, formerly of Utica but lately of Lincoln, Neb., where he acted as business manager of the New Republic, is now in the grocery business in that city.

—Mr. John Spain of Clayville, has had the good fortune to secure from "Uncle Sam" through the pension agents the sum of \$1,700 which he expects at an early date as a back pension. R. S. Giles has also had the good fortune to have his pension increased from \$36 to \$40 per month.

—The car in which Abraham Lincoln rode from Buffalo to Albany on his way to Washington for his first inauguration is still running in good condition on the Auburn branch of the New York Central railroad. The ceiling is decorated with the national flag, and at one end is a portrait of Lincoln and at the other one of Washington.

—Norman Rowe, whose death occurred at New Haven, Osego county, Saturday at the age of 93, was the oldest justice of the peace in the state, having been first elected in 1827, and has served 54 years as justice and three as sheriff. He was a native of Connecticut, and resided for some time in Vernon and Paris, Quebec county.

—Fire broke out Sunday afternoon in the Porter Clock, Clayton, which was burned, together with several adjoining buildings, including the Halpin and Clark Blocks, and Dr. A. Bain's residence. The burned buildings were occupied by the following firms: Demig Bros., furniture; Whitney & Watta, clothing; G. H. McKinley & Co., dry goods; James Hayes, hardware; M. E. Frame, boots and shoes; D. C. Porter & Son, groceries; D. C. Porter & Son, undertakers; Robert Robinson, Wilcox & McCann, W. D. Clark, groceries; A. F. Barker, dwelling. The Hubbard, Walton and West End hotels are safe.

—Much spice was added to politics in Wayne county this fall by the unique canvass of two young ladies for the office of school commissioner. They are Miss Nellie C. Cook, of Wolcott and Miss Ella Clark, of Macedon. Miss Cook is the regular democratic candidate, and is making the most active canvass for office ever known in this county. She is handsome and vivacious, 21 years old, and possesses a fortune in her own name. She has many young men at work in her interest in every town in her district, and the republican managers here admit that she is making serious inroads upon their vote. Miss Cook has had several hundreds of her photographs distributed through the county, and is spending a day or two in each town in her district in order to mend her political fences. Last week she began making campaign speeches through the district, and in some villages extensive preparations are made for her reception by young democrats, who escort her to the public hall with a brass band.

—When a green horse made his first trip over a New York city surface railroad he was harnessed to a pole. The pole is attached to the car for two reasons. Without it the green horse would feel very much out of his element. That is one reason. Were it not for the pole the old horse that accompanies the green animal would never permit the latter to travel within the rails. Old car horses evince a deep-rooted hatred against new-comers, perhaps because the green horses, by the general friskiness of their demeanor, remind them of days that will never return.

—Some person with more time than sense has been looking up the odd names in the Boston directory. He finds a generous supply of Beans in that city. Among other queer names the following may be mentioned: One Egg, eight Pyes, a number of Onions, one Crumb, three Bones, and Salt and Jelly. Seven Beers are found, and Coffee, Milk and Tea. There are one Chicken, three Goslings and a Hawk. Boston also has a pair of Stockings, one Sock, one Cravat, a pair of Mittens and four Collars. Three Hats and one Wig complete the outfit.

From Our Special Correspondent. Rev. R. Barringer, formerly a pastor at Leesville, now occupies the parsonage and has become pastor of the Gardenersville Lutheran church. We are not sorry to see the parsonage show signs of life again. Last Friday evening, while Rev. and Mrs. Barringer were spending the evening abroad, they suddenly found themselves being brought home to entertain a small company who had taken possession of their premises during their absence. Have not learned whether or not they were pounded, but they certainly were very pleasant looking faces the next day.

Saturday, the 22d annual Sunday school celebration was held at the Lutheran school of this place. During the afternoon session different topics were discussed with much interest. In the evening, Rev. J. Evans, of Worcester, delivered an excellent discourse, subject, "Work for all."

Last Thursday, the Missionary society was held at the home of Mrs. Myers, about thirty being present. The officers elected, were Mrs. N. Hoffman, president; Mrs. Eldredge, vice president; Miss Jennie Myers, secretary; Mrs. Barringer, corresponding secretary; Mrs. Abson France, treasurer.

John Rowley and wife are spending a few days with their brother, Rev. O. Rowley of Hoosic Falls.

Jason France and wife have been visiting friends near Syracuse.

Abram Mann and wife, of Ogbleskill, were the guests of Abram France and wife, last week.

Catarrh in the Head

Catarrh is inflammation of the mucous membrane, attended with increased secretion. Thus catarrh may affect the head, throat, stomach, bowels, or any part of the body where the mucous membrane is found. But catarrh of the head is by far the most common, coming on so gradually that often its presence is not suspected till it has obtained a firm hold on its victim. It is caused by a cold, or a succession of colds, combined with Impure Blood.

When firmly established the disease is exceedingly disagreeable, causing flow from the nose, dryness of the throat, headache, loss of appetite, roaring and buzzing noises in the ears, etc. In Hood's Sarsaparilla may be found a prompt and permanent cure for catarrh. It purifies and enriches the blood, soothes and rebuilds the diseased membrane, and thus soon cures the disease. At the same time it refreshes and tones the whole system. The remarkable success of this peculiar medicine entitles it to your confidence. Give Hood's Sarsaparilla a trial.

"I am happy to state that I used Hood's Sarsaparilla for catarrh, with which I have been troubled many years, and received great relief and benefit from it. The catarrh was very disagreeable, especially in the winter, causing constant discharge from my nose, ringing noises in my ears, and pains in the back of my head. The effort to clear my head in the morning by hawking and spitting was painful. My grocer advised me to try Hood's Sarsaparilla, and it gave me relief immediately, while in time I was entirely cured. I am never without the medicine in my house, as I think it is worth its weight in gold." Mrs. G. B. GUNN, 1029 Eighth Street, N. W., Washington, D. C.

"I have used Hood's Sarsaparilla for catarrh with very satisfactory results. I have received more permanent benefit from it than from any other remedy I have ever tried." M. E. READ, of A. Read & Son, Wauseon, Ohio.
