W. R. U. SURPRISES OUR GRID-IRON KNIGHTS

By Running Up a Score of 39 to 0, Our Boys Wondering How It Was Done.

Allegheny played her second game away from home on Saturday afternoon and met defeat at the hands of the team representing the Western Reserve University. The one-sided of these class distinctions has been as score of 39 to 0 was as great a surprise to the team as to their supporters at home. The men had been doing fine work in practice and expected a much different result. Even after the game in which Allegheny played hard, aggressive ball the players cannot account for the high score. The Western Reserve team, although slightly heavjer, was much inferior in the line and yielded repeatedly to the fine offensive work of the men opposing them.

possession little trouble in making gains was experienced, carrying the ball 45 yards at the beginning of the game before being held for downs. So long as the play was confined to line bucking good progress was made, but in running the ends a loss was invarhis trousers turned up. iably suffered.

attempts to break up the Reserve team's interference. Again and again at will. This failure to get into the game at critical moments resulted in a large number of long runs and practically all of the touch downs.

Reserve's backs were the chief cause of Allegheny's downfall. Their rapid formation and their skill in avoiding the efforts of Allegheny's to stop their runs were the faiures of the game.

The first few minutes of play were full of anxiety for W. R. U. The Allegheny line made such holes through their desense that it looked sure defeat. First one side and then the men got through and forced the Alle- rill, '04, formerly of Buffalo, now pas- sing at Allegheny. gheny runner back for a loss. Could tor of Lawndale Methodist Episcopal Alegheny have relied more upon church, Philadelphia.

RULES FOR THE FRESHMEN, Adopted by Upper Class-men at a Mass

OF

Meeting in Ford Chapel. Last Friday afternoon in response to

president of the Senior class_ almost | the entire student-body of the college assembled in the chapel to discuss and vote upon a list of "rules and regula-

tions" for the Fresman class. Most colleges have rigid class distinctions which are observed and followed every year. Here the absence noticeable as the lack of college spirit in general. This year we have come to know that college and class spirit exists here and that all that is necessary is to bring it to the surface. It was felt that nothing would tend more to increase this spirit than the establishment of more class distinctions. And it was with this motive in view that the meeting was called.

After several speeches by members of the Senior and Junior classes, the While the ball was in Allegheny's following rules were read and adopt-

> 1. Freshmen must retain their seats in chapel until the Seniors pass out.

> 2. No Freshman is allowed to use tobacco in any form on the street. 3. No Freshman is allowed to wear

4. After ten days, the colors and allegheny showed up badly in her flags of the Freshman class must disappear until February 22, 1905.

All due respect must be paid by 5. men and no undue familiarity will be

tolerated. 6. Freshmen boys are required to wear green caps; Freshmen girls

white tam-o-shanters. Any violation of these rules will be an executive committee appointed by the presidents of the classes and due punishment will be meted out to the offenders

Freshmen. This action was simply the crystallization of a sentiment which has been growing at Allegheny for some time.

There should be some class distinctions. Nothing else will tend to draw class lines closer or make class spirit stronger. There is no doubt .hat this action on the part of the upper classmen will draw the members of the present Freshman class closer together and

create such a bond among them as has never existed in any other class.

The observance of these rules may be distasteful to some, but we believe that being a Sophomore will it has ever meant to any other be no small distinction for this class to be able to say that with them begun those practices

which we hope will lead to the growth of a large body of customs and traditions at Allegheny. Who will deny that the hard knocks

which Tom Brown received during his first two years at Rugby added to his manhood, or who will doubt that, during his latter life, these very experiences were the most cherished memories of his school days?

But it may be objected that we are not English and that this is not an English school. True, but all Eastern colleges have certain rules which Freshmen are required to observe. At Syracuse, all Freshmen are required to wear green caps; at Connecticut Wesleyan the members of the first year class are not allowed to walk on the sides of the streets adjoining the campus, and this is but one of the many requirements placed upon them. In all colleges,

legheny. Heretofore, the Prep. has been the first to leave chapel, the Freshmen and Sophomores next while the Juniors and Seniors have been compelled to come last in the line. The students of Connecticut Wesleyan boast of their rich and varied college life. The small college is the proper home for just such a rich and varied

life. Why can we not begin now

vests in anticipation of more rushing. The two classes met about the middle of the grove and no wait was made for parlying but both parties entered the struggle with a yell. In a second's time, grappling pairs were seen rolling everywhere. Colors were torn off and won back in quick succession, blows were given and taken manfully, while the cheering upper classmen awarded decisions impartially. All that was necessary to provoke a struggle was to show the colors of the Freshman class. Several bold challenges were made by Freshmen champions, and these challenges were as quickly taken as given

'Hanan'' Shoes.

It is not ascertained which class won most glory in this struggle. Honors seemed to go both ways throughout the contest. After about an hour of hard fighting, it was agreed to abandon the struggle until the cane rush at four p. m.

> Old Allegheny is again in line-and so are we with the most up-to-date line of

cieties are at present the deadest. At one time Allegheny and Philo-Franklin occupied a large place in the student life at Allegheny. Among the alumni of the college, especially those who graduated more than ten years ago, literary society work is regarded as one of the most important features of college training. When they return to their alma mater, one of the first inquiries they make is in regard to Allegheny or Philo-Franklin, as the case may be. And one of the first places they visit is the literary hall in which they fought their forensic battles.

Certainly there is not enough life in the literary societies now to arose a very tender feeling in the heart of anyone. And yet why should they not be the centers of the intellectual life of the college? It surely is not because we have no talent along this line, neither is it because there is no demand for this kind of talent.

We need orators, we need debaters, and never before was there such opportunity for one to serve his college, and win honors in these lines as at present.

On another page of this issue appears meeting at which rules were adopted for the Freshmen. We

to develop it at Allegheny?

Men's Club, of Park Avenue Congregaesting Address on "Yellow Fever."

The Men's club of the Park Avenue Congregational church held the opening meeting of the season Friday evening with a good attendance. Dr. W. D. Hamaker, president, occupied the chair and introduced Prof. Robert Breed, of Allegheny college, who read an interesting and instructive paper on yellow fever, its origin and means of transmission, and the results of MARQUIS IN FOOTBALL TOCS careful and accurate investigation by the government during, and after the Spanish war in Cuba, when an epidemic of yellow fever threatened the mortality of large communities on the island. This investigation traced the cause and spread of this disease with unerring certainty to a species of mosquito which abound in the swamps, of filth that prevails with impunity in and around Havanna and other localities on this tropical island The disease was traced to animal bacteria that inhabited the white corpuscles of the blood and so minute in form as to defy discovery by the strongest microscope. Mospuitos were inoculated by biting de Lis of France. The young nobleman patients who were smitten with the disease, then permitted to bite others who volunteered their services for the purpose of making the test. As a result eight out of ten healthy persons thus bitten were infected with yellow fever in its worst form. This species of mosquito is found only in the tropics. If they should be conveyed to marquis de Mores, who was killed in the a northerly latitude they could not exist for any length of time. As a result of these investigations and experiments yellow fever has been stamped out, not a single case has appeared in Havana since 1901. Prof. Breed had an attentive audience and ed him in his efforts to defy the beef was liberally applauded at the close of this paper .- Daily Messenger.

and they do buy them there. This place has been the college boy's store and it is more popular than ever this season - for many reasons. First, because they are used as they like to be used; because we make a specialty of Clothing and Furnishings for Young Men and College Men; because we have extra style if you want it.

Here is what we've done since college closed last term: We've taken the second floor of the block and remodeled it and now have as swell a clothing place as you'll find in any city, and this improvement gives us four times Fosdick 2. President, Knoell. Vice President, Cravner. Secretary, Miss Lupher. Treasurer, Stockdale. Historian, Miss Walker. Poet, Millward.

bility Will Try for Honors on Yale's Gridiron.

Count Louis M. de Vallambrosa, marquis de Mores, the first member of the nobility ever entered at Yale, has enrolled as a member of the football squad and hopes to make the team this fall. He is in his second year in the Sheffield scientific school.

De Mores did not play football last year, but as the squad is small this season he believes that he can be of some assistance and will loyally respond to the call for volunteers, as his ancestors did when they rushed to the aid of the Fleur weighs 200 pounds and is an athlete in bulk and courage, inheriting his love of rough sports from his mother, an American woman.

"I am new at the game," he said recently, "and my attempt to make the team may be regarded as presumptuous, but I am going to try for it."

The young man is the son of the late Soudan in 1896. His mother is the daughter of A. L. Von Hoffman, formerly a well-known Wall street banker. Few women have had as varied and exciting a career as that of the marquise de Mores. With her husband, in 1883, she lived on a ranch in North Dakota, and ably assisttrust by shipping dressed beef directly to the eastern markets. To the cattlemen of the neighborhood she was always known as the "Queen of the Cattle Range," and rode and shot as well as

any of them. Marquis de Mores, father of the Yale student, is best remembered as the man who challenged Theodore Roosevelt to a duel. They owned adjoining ranches, and some of the many misunderstandings constantly arising on a cattle range brought about a bitterness of feeling that resulted in the sending of a cartel to Mr. Roosevelt by the French marquis. The affair was settled amicably.

During Wednesday night the Freshmen placed a flag on Bentley and on the gymnasium. Both were lost to the Freshmen by the schemes of the time is taken from us by force; anwiley Sophs.

Some fine improvements have been another slips away. But the most dismade in the gymnasium this term. A graceful loss is that which arises from new heater, a new shower bath and our own negligence; and if thou wil't eleven new chest weights are in place seriously observe, thou shall perceive at the present time.

Most students would know enough not to go to class with evening slippers on but it seems we have even a preacher that so over steps the bounds of propriety.

Because we lost Saturday's game is no reason why we cannot beat Grove City College, Wednesday. As far as the students are concerned, Wednesday's game can be made a repetition of the Hiram game.

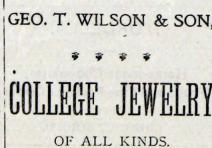

The Glee and Mandolin Club has had its annual trials for membership. About a dozen new men reported at Glasses Accurately Fitted. the College of Music last Thursday evening, for the Glee Club, and seven for the Mandolin Club. The prospects this year are very encouraging and

> The following statement is accredited to Seneca: "Some portion of our other portion is stolen from us; and

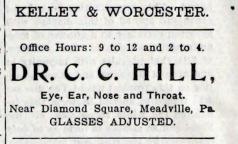

WE mean clothes that plead their own cause and show in every line and seam the thought and talent devoted to their manufacture. Years ago we became conscious that radical revolution in clothes making was absolutely necessary to check and remove the growing discontent of a people who expect and insist upon an uplift in every form of human endeavor. We have bent every energy toward this "consummation devoutly to be wished," and today, in every American city and practically every vil-

lage, the KUPPENHEIMER models for fall and winter, which the foremost clothier is displaying, bear absolute evidence that the revolution you have demanded, is come. These clothes are so permeated with the germ of general excellence that no one short of a finished custom-tailor can equal them, and he doesn't even pretend to do it at our prices.

Write for our illustrated magazine "The Clothes of To-day," Vol. I. It is unique and beautiful and an infallible guide to good clothes.
